Greenville, North Carolina

"OUR GREENVILLE — YOURS IF YOU COME"

(Directory Population Territory Covered, 17,775)

HISTORY: Martinsborough was established in 1774 as the County Seat of the area then known as Pitt County. In 1786 its name was changed to Greenville in honor of General Nathaniel Greene, the hero of the Battle of Guilford Courthouse. Greenville is now the educational, and one of the most important commercial centers of the coastal plain section of North Carolina.

PITT COUNTY, with 1950 population of 63,789 was formed in 1760, and named in honor of William Pitt, the Earl of Chatham. Tobacco, as with many of the counties of Eastern North Carolina, and Virginia, was and is now the major cash crop. From the days when tobacco was packed by hand in hogsheads, through which an axle had been placed, and then rolled to boat landings for transfer to markets on the coasts, Pitt County has attained the distinction of being the largest producer of brigh leaf, flue-cured tobacco in the nation. Instead of shipping the crop to other cities to market, Greenville now has more than three million square feet of floor space devoted to the sale and processing of tobacco.

GREENVILLE, the County Seat of Pitt County, is located in the Coastal Section of North Carolina, 84 miles East of Raleigh, the State Capital; 137 miles Southwest of Norfolk, Virginia; 159 miles South of Richmond, Virginia; and 267 miles South of Washington, D. C.

POPULATION: According to U. S. Census, the City's population in 1950 was 16,724—98.4% American, an increase in a ten year period of 32 per cent. The present city Directory population is 17,775.

POST OFFICE RECEIPTS in 1940 totalled $62,529.92; and in 1953—$175,905.74.

THE GOVERNMENT is Council-Manager Form.

CLIMATE: Mild, equitable ,and free from severe storms. The average annual mean rainfall is 49 inches, and the average mean annual temperature is 62 degrees. Growing season is 215 days.

ALTITUDE ranges between 64 and 75 feet above sea level with the topography rolling and well drained.

STREETS: Approximately 44.5 miles paved and gravel surfaced.

EDUCATIONAL FACILITIES in Greenville are unexcelled in the Coast Plain section of North Carolina. The City's public school system, accredited since 1917, has seven schools, three of which are for Negroes, all operating for a full nine months' term with the High Schools providing twelve grades. Expansions for which $1,500,000 in bonds were voted in 1953, will be completed early in 1955.

PREFACE (Cont.)

(Continued from Page 7)

COLLEGE: Greenville is the location of East Carolina College, a State Institution, offering courses in teacher training and liberal arts leading to Masters Degree. Its plant is valued at approximately $7,000,000 and its 1953 enrollment was 2,378 students, nearly 50% of which were men. More than $2,000,000 made available by the North Carolina General Assembly has been spent in expansion and improvements in plant and equipment to care for increased student enrollment. $1,880,000.00 appropriated by 1953 Legislature, for further expansion to care for increased enrollment.

In addition to providing higher education for the youth of the state, this College is a highly favorable factor in the City's educational and cultural life. Educational facilities in Greenville provide opportunities for youth training from kindergarten through a Masters Degree from College.

LIBRARY facilities include the $100,000.00 Sheppard Memorial Municipal Library containing approximately 15,000 volumes, the East Carolina College Library with 48,000 volumes, and the Greenville High School Library. A library is also maintained for the colored population.

CHURCHES: Both the white and colored population are amply provided with places of worship, with practically every major denomination represented.

UTILITIES, including the electric power plant, water and gas plants are municipally owned and are operated by the Greenville Utilities Commission. The electric power plant, with a capacity of 15,000 KWH, valued at 4½ million dollars has over 600 miles of transmission lines serving the city and surrounding territory. In addition to the Plant's generating capacity, a connection with the Virginia Electric & Power Company assures an unlimited supply of electric power.

THE WATER plant with a 3 million gallon capacity has a demand of 1,800,000 gallons daily. Recent expansions and improvements provide for an ultimate capacity of 6 million gallons per day.

GAS, 900 BTU propane air, is provided for domestic and industrial purposes by the municipal plant through existing mains and portable tanks.

TRANSPORTATION: Greenville has facilities for rail, water, highway, and air transportation. Railroad lines, operating freight services, are the Atlantic Coast Line Railroad and the Norfolk-Southern Railway.

To accommodate motor transportation, a network of paved highways radiate in all directions from Greenville. A total of 7 Franchised Interstate Motor carriers operate into and out of Greenville, in addition to a much larger number having intra-state rights.

THE TAR RIVER provides Greenville with an inland waterway ship channel twelve feet deep, adequate for all inland waterway traffic. There is ample flow for industries requiring large amounts of water. Average daily flow at Greenville is—1,842 million gallons.

(Continued on Page 10)

(Continued From Page 9)

AIRPORT: The 700-acre CAA Class 4 Pitt-Greenville Municipal Airport, costing over one and one-half million dollars, is one of the best equipped airports in the Southeast. Its three 5,000 foot paved runways can accommodate practically all planes in use.

HOTELS, include the Proctor Hotel with 77 rooms and the Greenville Hotel with 41 rooms. The Quinerly Manor with 25 rooms and Smith's Motel with 14 units supplement hotel facilities.

HOSPITAL facilities are provided by the new modern $1,400,000.00 Pitt Memorial Hospital. This hospital has 120 patient beds and is modernly equipped in every respect. To complete the hospital plant, a new 52 bed nurse's home is located on the 17½ acre hospital site.

COMMUNICATION facilities include Western Union Telegraph and Carolina Telephone and Telegraph Company's modern dial system with 5,323 stations in the city.

MAIL SERVICE includes nine incoming and eight outgoing schedules daily.

NEWSPAPERS: The Daily Reflector, published every afternoon except Sunday, provides excellent coverage of the immediate area.

RADIO STATION WGTC with 5,000 watts power daytime and 1,000 watts at night, is affiliated with Mutual and Tobacco Networks.

TELEVISION: WNCT, Eastern Carolina's VHF Channel 9 Television Station with video power of 100,000 watts and audio power of 50,000 watts, carrying CBS and other Network programs, serving the coastal plains area from Greenville, reaches a population of over 900,000 within a seventy-five mile radius.

BANKING facilities are provided by two strong institutions, one operating branches in Greenville and other Eastern Carolina cities. Combined deposits on January 1, 1954, totaled $49,025,511.51, with combined resources of $52,190,089.57. There are two strong building and loan associations.

MARKETS: As an agricultural marketing center, Greenville is outstanding, being located in the center of a highly productive area, embracing a population within a 50 mile radius of 584,643.

The Greenville Tobacco Market is one of the largest bright leaf auction markets in the nation, and is one of the two that have five sets of buyers. Its twenty-one mammoth auction warehouses, together with its processing plants, embrace an area of over three million square feet of floor space devoted to the handling of Bright Leaf flue-cured tobacco.

Markets are provided for all farm crops produced in the area, including cotton, potatoes, sweet potatoes, corn, livestock, dairy products, poultry, and eggs.

As a retail trading center, Greenville rightly deserves its designation, "Eastern Carolina's Shopping Center." Its 1952 retail volume was over 27 million dollars.

In Wholesale Distribution, Greenville with a volume of $46,921,000 (U. S. Census) ranks 11th among the cities of this state.

VITAL INFORMATION At Your Finger Tips!

- **Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is up among regular subscribers.**

More People Are Seeing City Directory Ads

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Southern Directory Co. Asheville, N. C.

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers ,rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

OF THIS

DIRECTORY

IT'S A BUYERS GUIDE
PAR EXCELLENCE

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond our own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. XI 1954 - 1955 VOL. XI

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.
